

We the undersigned ask the Student Representative Council (SRC) to pass the following motion:

1. To endorse the international Boycott Divestment Sanctions movement against the State of Israel until it ends its military occupation of Palestinian territories; that it complies with international law; and that it recognises the fundamental right of Arab-Palestinian citizens of Israel to full equality, and respects the Palestinian Right of Return as stipulated in United Nations General Assembly Resolution 194.
2. To condemn the practice of some UK sabbatical officers of receiving funding for visits to Israel from civil or political organisations complicit in the occupation of Palestine, and to prohibit SRC sabbatical officers from participating in official or funded trips to Israel in their capacity as elected officers.
3. To mandate that the SRC campaign to ensure products sold on campus are neither grown, nor produced in Israeli settlements within the occupied Palestinian territories.
4. To mandate that the SRC campaign for the University of Glasgow to resist, insofar as legislative considerations permit, any action or commercial transaction that gives political and economic support to the State of Israel.
5. To mandate the SRC to campaign for the University of Glasgow to sever all commercial or institutional relationships with companies that participate or are invested in Israeli violations of international law; to divest from all companies associated with Israel's violations of International Law and the Universal Principle of Human Rights.
6. This resolution and information within shall be permanently displayed on GUSRC's website in an area accessible to students and to the public.

Passed on 18th April 2019
